Sir.

In submitting herewith an estimate for adapting the Garrison Hospital or Barracks building in the Fort, for the City Municipal School, I have the honor to state that the Queen was kindly pleased to place the building at the disposal of the Municipality for the school purpose as the locality in which it is at present held, is unsalubrious owing to its proximity to the open Main Drain, and the building quite insufficient to meet its growing wants. The estimate amounts to Rs 2.35/- for which special and early sanction solicited to be met out of

Sale proceeds of building materials got out of the dismantled portion of the Lower Arsenal building and which were given over for Municipal purposes by the Diwan in his minute of 22nd August last para 4.

The amount realized by sale of the materials is Rs 1758/- and the balance may be met from the General Municipal balance as there is no separate provision for it in the Budget of the current year.

In anticipation of sanction the work has been set on hand.
